

## Pampered Pups by Jamie – Matted Dog Release Form

Matted coats can cause a variety of skin and health problems. Matted fur does not allow the air to circulate to the skin, which can lead to hot spots, bacterial and fungal infections. Fleas, ticks, maggots and other parasites may be lurking in the coat causing further skin problems.

Matted fur also pulls and binds, causing pain to your pet when they move or lay on the mats. The skin underneath maybe raw and inflamed. Matted coats will not dry properly which can also lead to skin infections. Due to matting, your pet's coat may need to be clipped extremely short and may show signs of skin irritation and sores. After the matted coat is removed your dog may exhibit some of the following: licking, chewing, scooting, hiding, hematomas, redness, irritation, etc.

Pampered Pups holds no responsibility for any irritation, soreness, knicks, hematomas, or behaviour issues resulting from a matting.

It is our goal to make your pet's grooming experience as stress free as possible.

Due to the condition of ..... (dog's name) we have determined that the only humane thing to do is a shave down. This is a short clip, removing all the matting. It is unfeasible to de-mat/brush out the coat as this would cause excessive pain and suffering.

Be aware that there will be an additional charge added to your bill. This charge will reflect the extra time and care it takes to remove matting, as well as the wear and tear removing matting puts on our grooming tools. Your pet will also be bathed in a shampoo to help reduce irritation caused from the matting.

There is a strong chance that your pet's skin will become more irritated during the clipping process and after grooming. Due to the mats being tight against the skin, the only way of removing them is to use a short blade to clip between the skin and mats he/she maybe nicked/cut because We must work so closely to the skin. We are very careful, but the possibility of injury is there, and you need to be aware of this and give permission to proceed.

***I hereby release Pampered Pups by Jamie from any responsibility of the above-mentioned process and all medical problems that may be uncovered and or occur during the clipping process.***

***Should my pet require veterinary care after or during the process, I agree to pay all vet fees for the above-mentioned pet's care.***
